**DECLARATION OF RANDY DEAN
REDD**

**EXHIBIT 4 IN SUPPORT OF IN
MOTION TO COMPEL ARBITRATION
AND
ALTERNATIVE MOTION TO DISMISS
FOR LACK OF JURISDICTION**

Case No. 2:24-cv-000095
Judge Howard C. Nielson Jr.

I, Randy Dean Redd, declare under penalty of perjury as follows:

1. I am a defendant in the above captioned matter. I make this declaration based on my own personal knowledge. I am over the age of 18 and I am competent to testify regarding the contents of this Declaration.

2. I am not domiciled in Utah. I am a resident of Arizona. I live and work in Arizona. I do not regularly transact business in Utah. I own no property in Utah, nor do I lease any property in Utah. I have no bank account in Utah.

3. I have not, to my knowledge, taken advantage of any Utah laws, or otherwise engaged in business or other conduct from which I could have reasonably been expected to be haled into court in Utah.

4. I am not a member of Cazut Properties, LLC ("Cazut"), however, I am a member and manager of Defendant Peart 583, LLC ("Peart") and I am a manager and my trust is a member of ROJO 91, LLC ("ROJO").

5. Peart has no contacts with Utah. This means, among other things, that Peart: (a) has no offices in Utah, (b) neither owns nor leases property in Utah, (c) has no Utah employees, (d) has no Utah bank accounts, (e) does not conduct marketing or advertising in Utah, and (f) has not conducted business in Utah.

6. Rojo has no contacts with Utah. This means, among other things, that Rojo: (a) has no offices in Utah, (b) neither owns nor leases property in Utah, (c) has no Utah employees, (d) has no Utah bank accounts, (e) does not conduct marketing or advertising in Utah, and (f) has not conducted business in Utah.

7. Attached as Exhibit A hereto are my phone records for the time period relevant to the allegations in the complaint – February 2023 through November 2023. For privacy reasons, the phone numbers (other than area codes) have been redacted from all calls that do not involve Utah residents or Plaintiff, Stan Shelley ("Stan"). The phone records reflect about 1,800 telephone calls from February 2023 through end of November

2023. Of those calls, only a few are with individuals with a Utah area code, and all but two of those are with relatives of mine. I did twice call a business in Utah to provide some general business information to a Third Party Administrator regarding a retirement plan, at the request of a business client who resides in Arizona.

8. Many years ago, I did obtain a Utah business license, but that was to assist family members with investments, and I have not used the Utah license for many years.

9. I do not advertise for or solicit Utah clients.

10. On February 27, 2023, Stan called me from a number that had a Lincoln Nebraska area code. I had not seen or spoken with Stan for several years before that call. The call was unexpected and unsolicited. Stan said that while he was on a trip in India, he had met a ranch owner who owns a ranch adjacent to my family's ranch in Colorado.

11. Stan called me again on May 19, 2023 while I was in Hunting Beach California. This was a social call.

12. Stan called me again on May 24, 2023 and this time he solicited my participation in purchasing reposed property at auction and followed that call up with emails soliciting my participation.

13. I declined Stan's solicitation. As a reason for declining his solicitation, I informed Stan that I was working on a project in Arizona involving a 1031 exchange of property that could be used as a solar farm. I was responding to (declining) Stan's solicitation and not seeking to solicit Stan's involvement in the Arizona solar project.

14. In June 2023, Stan contacted me several more times. Stan pitched additional investment opportunities he was pursuing. Stan followed up these solicitations with more emails and texts. I also declined these solicitations again explaining, among other things, that I was involved in the solar farm project.

15. Copies of my email exchanges with Stan between May and July, 2023 are

attached as Exhibit B.

16. In addition to emails, Stan texted me many times with additional solicitations for various investment opportunities. My texts exchanges with Stan between June and July 2023 are attached as Exhibit C.

17. On July 10, 2023, Stan again called and this time asked if he could join in the Arizona solar farm project. I did not solicit Stan's involvement.

18. At approximately, the same time, Stan was still calling, emailing and texting about additional investments he was pitching to me. *See* Exhibit B and C.

19. I never agreed to enter into a business agreement with Plaintiffs where the object of the agreement was in Utah. Stan solicited me to participate in several projects in Utah, but I declined each.

20. I never spoke to Plaintiff Andrea Shelley about her acquisition of an interest in Cazut, or the purchase of property in Arizona.

21. It would be a significant inconvenience and a burden for me to litigate a case in Utah where I do not reside. It would be burdensome both in terms of time and resources. I have no property, operations, residence, or employees in Utah.

22. The property that Cazut purchased (the "Property") is in Arizona. To my knowledge, all of the witnesses knowledgeable about the Property's acquisition, value and development are in Arizona. To my further knowledge, other than Plaintiffs, no person associated with the acquisition, value or development of the Property is in Utah.

23. There are many third parties who would be necessary witnesses on issues related to the acquisition, value, and development of the Property and none of them are in Utah. They are in Arizona.

24. In agreeing that Peart and Rojo would be members of Cazut, I relied on the Operating Agreement which provides for the application of Arizona law, Arizona

governmental regulation, and the right to arbitrate disputes in Arizona. These were important considerations for me.

I declare under penalty of perjury that the foregoing is true and correct.

Signed, this 25 of April, 2024

Randy Dean Redd

Stan,

Here is some basic information I received via a GRAMA request from Provo City on the property that is going to be auctioned tomorrow.

Thanks,

Ed

Hello Mr. Grampp,

Below is the link to a Dropbox with the files requested in your GRAMA Request including the update that you emailed Heidi on Thursday. Based on our conversation Thursday this should provide the information you requested without being overly redundant.

Stan,

I saw my note that I had you wanted me to send this to you per our conversation.
You wanted to know how many acres etc on this property trustee sale that got postponed for at least another 30 days.

I show the total bank note taken out was about 18.7 Million and there is about 144 Acres total.

I attached the last public notice along with the parcel map.

Current X Dev Investors,

Hey everyone, since you are in our priority investor list, you are set up to receive investment offering opportunities before we go out to the all other potential investment partners.

We have an amazing opportunity to invest in a highly sought after property. We will be purchasing an existing already performing Anchored Retail Strip Mall at lower than market price with lower than market rents (-30%). The acquisition price is also below cost to build new (-40%).

Investment Highlights

- Strip Mall Shopping Center Shadow Anchored by Target.
- Ca\$h Flow immediately.
- Assuming current loan which is 4.25% interest rate.
- Our purchase price is only \$250/SF, which is far below replacement cost (replacement cost is approximately 450-550/SF to build this new). Which is about 25MM under new construction.
- Built over a four-year period from 2014-2018. This strip shopping center was designed to the same high quality standards as new construction today and would be designed the same if built today.
- The property is old enough to have in place rents that are now far below the current market, and escalations have not kept up with market increases.
- 100% leased and all tenants paying rent.
- Tenant leases are 30% below current market rent.
- Our purchase price is 40% lower than cost to build this asset today.
- Immediate equity of 10% with current leases in place.
- 8% Investor preferred return.
- IRR 21.0% (without "cherry's on top")(see deck for these)
- 2.2X Equity Multiple (yr 6)
- Bonus Depreciation allows for a large (loss) in yr 1 (approximately 50-60% of investment amount)
- 5 Credit Tenants, 13 National Tenants, 1 Ground lease
- 7 "Cherry's on Top" which are ways this project can exceed proforma projections.

Funds are due August 15, 2023. Commitments first come first serve, no later than July 31, 2023.

Please see link below and feel free to reach out by hitting "reply all" if you have further questions or to set up a call.

My investment file has been overlaid on it. Can you send where the information is on the deck? That is pretty misleading if they can not increase rent. I also do not know why I can not pull up what I sent you. Thanks Stan

Solar Farm

From: Stan Shelley (stanshelley3@gmail.com)

To: Loneconeaz@aol.com

Date: Sunday, September 17, 2023 at 10:24 AM MST

Randy, I have attached the rules for Zoning Changes in Maricopa County. They were updated in March 2023 but were updated again in June 2023, pretty current. None of it is hard, it just will take time. We need to have a pre Application meeting and hopefully can reduce a few requirements. Also it looks like they can charge \$50,000 max to change this property and we should ask for relief on that as a solar farm is for the public good. But do not count on it as you can argue most zoning changes can be argued for the good of the public. The county does have a few more impact fees, etc.. but I think they are included in the maximum charge (if not they are just a few hundred \$).

We do have to contact property owners within 300' of change of zoning and post for 30days for the public. The county hearing dates are a little harder to hit (I have included them). Again some of those dates and requirements should be firmed up in the Pre Application meeting.

The county does have a few more impact fees, etc.. but I think they are included in the maximum charge (if not they are just a few hundred \$).

>>

>> We do have to contact property owners within 300' of change of zoning and post for 30days for the public. The county hearing dates are a little harder to hit (I have included them). Again some of those dates and requirements should be firmed up in the Pre Application meeting.

Randy and Kevin, In looking up a couple ways on parcels purchased on 8/1/2023 and closed on 8/2/2023, we only have 7 parcels. I looked up the deed 20230403997 showed just the 7 parcels Kevin listed, Driggs Title Agency showed just the 7 parcels escrow account 23-05-221 689JG, and all properties owned by Cazut in Maricopa County, all showing just 7 parcels.

So the map everyone is using is screwed up. I looked at the parcels individually and the county gives square footage, which works out almost. Each acre has 43,560 square feet. So the breakdown is 506-12-002 = 40 acres, 003= 40 acres, 004 = 40 acres, 005 = 80 acres, 006B = 79.942998 acres, 008 = 80 acres, and then 009 = 320 acres for almost 680 acres. The map proportions are really wrong and have been wrong for a while, I looked at some information in 2003 that showed the same drawing.

Kevin you will want to change your application if you can. Also can either of you tell why it shows we paid just \$1,985,300 for the property? It showed up in a couple of places.

Good News on taxes Aquila Farms had worked it down in grazing before us 2023 taxes. Maricopa Assessor show taxes for 2023 were \$7.18 on the 40 acres sections, \$15.18 on the 80 acres sections, and \$60.56 on the 320 acres. Total taxes were \$128.81

Also on the power line it is owned by Arizona Public Service, Line code or NAICS is 221121, it also may be known as the Hassayampa tap. I need to do a little more research on the name, as the power people may use a different name than the government.

Just a little more. I think we should use the name. the 230 line between Buckeye substation and Hassayampa tap substation. I did find some information from Arizona Public Service (APS) that looked like they did upgrades on this line at the Buckeye substation completed in 2019.

APS does have a solar contact line. I am sure it is for home solar, but it is a starting place. We should contact them on our desire to put in a 680 acre solar field and would like to tap into the line. "Who would be the contact?" **Solar Line (602) 216-0318 or (800) 659-8148**

2. Consider grade
Grade refers to the proportion of gold contained in ore and is represented in grams per metric ton (g/t). Generally, companies want to find deposits with higher grades as they contain more gold and will usually be more economically sound. According to the World Gold Council (<https://www.gold.org/goldhub>), larger and better-quality underground mines contain around 8 to 10 g/t gold, while marginal underground mines average around 4 to 6 g/t gold. Open-pit mines usually range from 1 to 4 g/t gold, but can still be valuable.

I have a stock for you OXLC at \$5.00 a share. Dividend just went up to .08 monthly so 19.28% div on you \$. They buy up debt. Good profit to pay and book value is about even, it is a closed end fund. It is an opposite play on economic future, so it will help balance some of you other investments. I

This is what I was referring to. The rent escalator is 10% every 5 years of 2% every year as I read it.

It is under tenant over view

On Highbury-Most of the leases are 10% every 5 years. The majority of them escalate in the next 1-3 years, so it's heavier during those times. To give you an example. We are purchasing the property at a 7 cap, but it will be an 8 cap in one year because of the larger escalations happening sooner. So definitely more front loaded for sure. Which is a good thing. But if we held these for a number of years it will average only 2% increases.

Randy thanks for reviewing Highbury, wish you were doing it with us. I have talk to these guys about you and I always tell entertaining and positive stories. I

Yes. I will call you later today to set up a time

Mon, Oct 30 at 7:20 AM

I have put several calls into Kevin and I have not heard back yet. He usually takes a couple of weeks off after the October 15 IRS deadline.

I will let you know as soon as I can get hold of him. I do have an appointment with him tomorrow so at the latest I can set something up
